## AMMONIUM SULPHATE – SPRAY ADJUVANT

### DIRECTIONS FOR USE

SITUATION	APPLICATION RATE	CRITICAL COMMENTS
For use with all Glyphosate based herbicides to:	2L/100L spray solution	
1. Minimise antagonism to tank mixes with flowable herbicides.		<ol style="list-style-type: none"> <li>Half fill spray tank with clean water and start agitation.</li> <li>Add ASSERT liquid through top opening of spray tank.</li> <li>With agitation still running, add the required flowable herbicide to the tank and mix thoroughly.</li> <li>Add the required amount of Glyphosate based product and the remaining water, mix thoroughly.</li> <li>Add surfactant, if required, near the end of filling process to minimise foaming.</li> <li>Always maintain adequate agitation during application and use the tank mix promptly.</li> </ol>

**NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.**

APVMA Approval No.:

### GENERAL INSTRUCTIONS

ASSERT should be used with non-selective herbicides only, as with some selective herbicides use may result in loss of selectivity and therefore crop damage. Ammonium sulphate may be corrosive to metal parts of the sprayer. Thoroughly flush tanks, pumps and nozzles with water after use.

#### Protection of Wildlife, Fish, Crustaceans and Environment

DO NOT contaminate streams, rivers or waterways with the chemical or used containers.

#### Storage and Disposal

**KEEP OUT OF REACH OF CHILDREN.**

Store in closed, original container, in a well-ventilated area, out of direct sunlight. Triple, or preferably pressure rinse containers before disposal. Add rinsing to spray tank or knapsack mix. Do not dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush or puncture and bury empty containers in a local authority landfill. If not available, bury the containers below 500mm in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should not be burnt.

Returnable Containers (1000L): Empty contents fully into application equipment. Close all valves and return to point of supply for refill or storage.

### SAFETY DIRECTIONS

Avoid contact with eyes and skin.

#### FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre (Phone Australia 131126)

#### Material Safety Data Sheet

Additional information is listed in the Material Safety Data Sheet which can be obtained from the supplier.

#### Hazard Statements

Causes serious eye irritation  
Harmful if swallowed

#### Precautionary Statements

Wash hands thoroughly after use. Do not eat drink or smoke when using this product. Wear eye protection. IF SWALLOWED: Call a POISON CENTRE or doctor/physician if you feel unwell. Rinse mouth. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists get medical advice.
