

# BIO-DISPERSOL<sup>†</sup>

## Heavy Duty Degreaser

### Product Description

**Bio-Dispersol** is a high performance heavy duty industrial degreaser with specifically formulated with operator health and safety in mind. The product is a specially formulated blend containing vegetable derivatives, plant extracts and emulsifiers.

### Key Benefits

- Specifically formulated for use in heavy industry
- Contains no petroleum derived hydrocarbon solvent
- Bio-Dispersol's carefully formulated components work synergistically to provide high powered grease cutting performance
- Low toxicity ensures a lower risk to personnel
- Low volatility offers improved operator safety. Ensure good ventilation during use and appropriate industrial hygiene practices.
- Not classified as a Dangerous Good which enables more flexible and convenient storage, handling and transport
- Unique formulation provides faster and more complete biodegradation for a cleaner and safer environment compared with many degreasers that are based on hydrocarbon solvents.
- Active on bitumen, wax, plant and insect residues and certain types of graffiti and markers

## Heavy Duty Degreaser

### Chemical & Physical Properties

Appearance (20°C)	Yellow liquid
Odour	Pleasant natural odour
Specific Gravity (20°C)	0.92
Pour Point	< 0°C
Flash Point	> 80°C

### Suggestions for Use

**Bio-Dispersol** is used wherever there is a need for a top quality, economical degreaser.

**Bio-Dispersol** is applied to heavy build ups of grease, allowed to penetrate for 30 minutes and finally removed with a high pressure spray, leaving behind thoroughly clean surfaces.

To remove particularly stubborn deposits:

- use scrapers to shift thick layers of grease before applying Bio-Dispersol
- use stiff-bristled brooms or brushes to work the Bio-Dispersol into remaining grease
